HUBRISSALON

Hello darlin's!

I am originally from England and swam across the pond to Guam then Atlanta. I have been doing hair since I was 7 years old - lol my poor granddad was one of my favorite clients to work on!

I specialise in all types of hair colour from grey coverage to baby pink and everything in between. Colour is one of my favorite services to work with my clients on!

I love continuing my education by attending many different types of advanced training programs. I am passionate and committed to furthering my education so I can always keep up with the latest techniques and trends for my new salon guests (as well as my established clients). I provide an extensive consultation to achieve your desired look. I have my own private suite where I can focus on each client one on one in a relaxing and private atmosphere.

I live in Kennesaw Georgia married to Gary (aka Puddin) and have (4) grown kids (thank goodness!!!) 2 boys and 2 girls. If you ask anyone (or ask me) I am always into the next new crazy fitness program and wondering where I can get the next no calorie wings from...

Thank you for your business!

Suggested Maintenance Schedule

Want to keep your hair in excellent condition? We recommend a regular maintenance schedule. Regularly having your hair trimmed will promote healthy hair growth. Keeping a regular maintenance schedule will also keep your hair color vibrant (and get rid of those pesky gray roots) in the process! And it all starts with your shampoo & conditioner using our amazing array of products specifically targeted for your hair type & color.

If you are running low on your favorite product, send me a message via the Wix app. I can let you know if the product is in stock and have it ready for you when you book your next appointment.
